

Educating  
Sexual Assault Nurse Examiners

# SANE

## Online course with clinical option

The registered nurse learns to assess, diagnose, and treat the sexual assault patient in this flexible course, which offers a two-day clinical session to apply learned skills.

The course emphasizes the nurse examiner's role and focuses on evidence collection, documentation, and reporting. It also details biological, psychological, and social dynamics in the care of a sexual assault patient.

The Department of Forensic Sciences sponsors the course through the Office of Continuing Medical Education at the OSU Center for Health Sciences. The City of Tulsa SANE program provides the instructor.

## Session Choices

### Online only without clinical session

The online course is equivalent to at least 40 classroom hours of education, with 20 self-paced units, each with its own test. Up to 20 weeks allowed for course completion.

### Fast-track with clinical session

Online sessions completed over 7-10 weeks, followed by a 2-day clinical session, to be held from 8 AM to 5 PM at the OSU Center for Health Sciences. Limited enrollment.

### Self-paced course with clinical session

Online sessions completed in up to 19 weeks, followed by a 2-day clinical session, to be held from 8 AM to 5 PM at the OSU-CHS campus. Limited enrollment.

## Instructor

**Kathy Bell, MS, RN**  
Tulsa Police Department Forensic Nursing Administrator

## Course Objectives

- Identify interventions that facilitate emotional stabilization of the victim during the sexual assault examination.
- Provide appropriate care to victims of sexual assault, including attention to physical, psychosocial, and medicolegal needs.
- Identify the role of the rape advocate.
- Identify the role of law enforcement.
- Identify appropriate interview and documentation techniques during the sexual assault examination.
- Define the Rape Trauma Syndrome.
- Describe proper techniques for collection of evidence in sexual assault cases.
- Discuss legal and ethical responsibilities in providing care to sexual assault victims.
- Demonstrate proper use of camera and photography in sexual assault examinations.
- Describe modes of sexual trauma in adolescent and adult victims.
- Describe appropriate trial preparation and guidelines for testimony.
- Identify differences in the child examination.

## Other Information

**Materials:** \$25 DVD-ROM required, in addition to registration fee, *Sexual Assault--Forensic and Clinical Management*, based on the National Protocol for Sexual Assault Forensic Examinations. CE is available with the DVD for \$90 but not required. **Purchase prior to class from IAFN** at <http://www.iafn.org/storeindex.cfm>
