Students meeting the quantitative requirements are granted admission to OSU-COM, provided they receive satisfactory scores on the qualitative portion of the admissions process.

Early Admissions Program Selection Committee
- Review applicant’s file
- Interview applicant
- Review letters of recommendation

Additional Evaluative Requirements
Assuming admission during the spring semester of the applicant’s sophomore year:
- Participate in a pass/fail three-week Early Summer Rural Externship (ESRE) in a selective rotation with an osteopathic physician in rural Oklahoma in the summer between sophomore and junior years
- Participate in a pass/fail three-five day selective primary care* shadowing experience during class breaks in the junior year
- Participate in activities at OSU sponsored by the Student Osteopathic Rural Medicine Club (StORM)
- Candidates must take the MCAT during the spring semester of their junior year and have the scores reported to OSU-COM via the MCAT Testing History Exchange site for review by the selection committee

Program Introduction
Oklahoma State University College of Osteopathic Medicine (OSU-COM) seeks to admit students who desire to become primary care physicians in rural and underserved Oklahoma. The Rural and Underserved Primary Care Early Admissions Program enables students to complete pre-doctoral medical training in seven years.

OSU-COM and the selection committee recognize that Southeastern Oklahoma State University (Southeastern) provides rigorous academic preparation for a variety of careers. Utilizing the approved 3+1 plan for the first three undergraduate years on the Southeastern campus, and combined with OSU-COM’s first year curriculum as the fourth year, students in the program are able to earn a Bachelor of Science from Southeastern.

Students then progress through the second, third and fourth years of the rural and underserved medical track and graduate with a Doctor of Osteopathic Medicine (D.O.) degree from OSU-COM.

Minimum Requirements for Applicants
- Resident of the state of Oklahoma
- Strong desire to practice primary care medicine in rural or underserved Oklahoma
- Must be a Southeastern student
- Must have completed 45 credit hours toward a Bachelor of Science degree in the Medical Track
- Overall grade point average (GPA) of 3.6 and Science GPA of 3.5
- Submit a primary application through the American Association of Colleges of Osteopathic Medicine Application Service (AACOMAS) by February 1
- Submit a Supplemental Application by March 1
- Submit two letters of recommendation: one from a Pre-Professional Advisory Committee and one from an osteopathic physician; deadline March 1
- Agree to an interview with the Early Admissions Program Selection Committee (Interviews occur during the spring semester of the sophomore year.)
- Schedule to take the Medical College Admissions Test (MCAT) in the spring semester of junior year

Continued Eligibility for Admission to the College of Osteopathic Medicine
- Maintain an overall GPA of 3.5
- Have a Science GPA of at least 3.0
- Complete all remaining undergraduate coursework required for the approved 3+1 plan during junior year
- Complete additional evaluative requirements

Continued Eligibility for Progression to Second Year Osteopathic Medical School Curriculum
- Awarded a Bachelor of Science from Southeastern Oklahoma State University
